

# STATE OF THE WATERSHED 2017

We will learn about the fish, frogs, and birds that make use of the watershed between the creek's mouth and I-580. And we'll talk about how green streets, rain gardens, and other features proposed in the *Sausal Creek Walkable Watershed Concept Plan* can enhance our neighborhoods and create habitat for the critters.

**WHEN:** Wed., Jan. 18, 7-9 p.m.

**WHERE:** Fruitvale-San Antonio Senior Center  
3301 E. 12<sup>th</sup> St., Suite 201 (2<sup>nd</sup> Floor), Oakland

**FOR MORE INFO:** [coordinator@sausalcreek.org](mailto:coordinator@sausalcreek.org)
