

Protect the Pallids

Volunteer to restore an endangered species

WHEN August 5, 2017

9 a.m. - 12 p.m.

WHERE Redwood Glen in
Joaquin Miller Park

RSVP field@sausalcreek.org
(510) 853-3533

Help enhance habitat for the endangered pallid manzanita. We will focus on eliminating shading around the manzanitas by pruning overhanging branches and removing vegetation. We will also pull invasive plants and work on cutting dead trees that have fallen on some of the manzanita plants. We need all hands on deck to preserve this icon local species! Visit the Friends of Sausal Creek Event Calendar for directions: <http://www.sausalcreek.org/event-calendar>
