## How to Find the FOOSC Native Plant Nursery

**To reach the nursery:** Take the Lincoln Avenue/Joaquin Miller Drive exit off of Highway 13, head uphill. Turn left onto Sanborn (there are lots of signs, including one in the median that says "Native Plant Nursery").

Park near the Ranger Station, and walk past the yellow gate across Sanborn; the nursery is about 1/4 mile on your left. On the day of the plant sale, there will be greeters to assist you and free shuttle service to your car.
