

California on Fire: Fire Ecology and Prevention

PRESENTER:

Dylan Pastor
Stephens Fire Science Laboratory
University of California, Berkeley

WHEN:

Wed., Sept. 19, 7-9 p.m.

WHERE:

Dimond Library
3565 Fruitvale Ave., Oakland

The Mendocino Complex Fire of 2018 is the worst fire in California's history. Hundreds of thousands of acres have been scorched in the past year as this and other mega-fires rage across the state. Even with the bravest firefighters and state-of-the-art technology, many of these fires are destroying entire communities and wilderness areas. Find out what has made the last decade the worst in California's history and what we can do.
